

International Liquidation

PO Box 92005 Austin, TX 78709 512-900-8302

Buyback Partnership Program

International Liquidation offers a special program where we partner with companies and help manage buyback inventory at a predetermined price, eliminating revenue loss from replacing competitor inventory.

- We handle shipping and logistics at the store level, saving your company time and money
- We are truly a competitive buyback partner to you versus a vendor or customer
- We offer a dedicated project manager as a single point of contact for all transactions
- We can manage a store network of up to 2,000 stores

An example of a BuyBack Program we have managed in the past
